Slideshow Widget

Customize the display of your slideshow by selecting a layout and choosing from the various color theme options available. After you are done, just click on the "Add to my Web page" button to install your slideshow on your blog or web site.

Lots of options here – let's go over them one by one!

Content and Layout:

The default is "Simple".

"Gallery" results in lots of little images at the bottom as you'll see in the next page.

3.) Scroll down and select "Slideshow Widget"

NOTES

"Scrolling" results in (wait for it...) the products, well, scrolling like so.

You can also shuffle the products, make the products go up and down instead of left to right, etc.

Ain't it all purty-like?

And that's another way you can use Amazon.com to make money from Angry Birds!

Let's now move from Amazon to:

Step 4 – Sell Angry Birds eBooks!

Yes.

There's an actual Angry Birds eBook:

- ✓ Videos for EVERY Level
- ✓ Videos for EVERY Golden Egg
- ✓ Videos for 3 Star Ratings EVERY time
- ✓ Fellow Angry Bird Players to Share With

The Clickbank Buy link is

<http://lingstar.angrybirds.hop.clickbank.net>

Just replace “lingstar” with your Clickbank ID.

It pays out a 50% commission.

Of course, you can also write your own Angry Birds ebook too!

You can include in it:

- Angry Birds Cheats
- Angry Birds Cheats

and oh yes,

- Angry Birds Cheats

ie, stuff like:

- <http://www.angrybirdscheats.net/>
- <http://www.digitalmomblog.com/2010/07/14/angry-birds-walkthrough-cheats/>
- <http://www.howtogeek.com/57295/angry-birds-video-cheats-for-every-level/>

'nuff said.

What's that? You want tutorials for making tutorials?

Why certainly!

Next:

Step 5 – Flip Angry Birds Sites!

Now, this is something that I myself have never done.

However, apparently others have!

Affpressor: Autopilot affiliate ads for Amazon, CJ and eBay Benefits

This is a fantastic WordPress plugin that makes it autopiloting for affiliates simple!

Includes:

- Hand free -This plugin really doesn't require any time investment on your part, this is one of those rare times in marketing where it actually works on autopilot
- 3 Biggest Affiliate Networks – As someone who has predominantly focused on Clickbank, I know I have lost a ton of money not paying enough attention Ebay, Amazon and Commission Junction, my excuse has always been “there’s not

enough hours in the day” – with this, I have no excuse, it’s literally plug and play and almost guaranteed to significantly boost a website’s earnings

- Hover Box – It can sometimes be a little difficult to grab your reader’s attention when they are engrossed in your article, which is why this hover box feature is so powerful as it pops out and immediately captivates the attention of your prospect and diverts them towards your affiliate links

This product helps you by making your blog super-easy to monetize!

You can also try to get approved by eBay and include bunches of Angry Birds goodies that way.
