Welcome!

Hello and thank you for investing!

This powerful “**Mastering Self Confidence**” Cheat Sheet will provide you with 3 simple steps you can use at anytime you want...

... to build up the ability to believe in yourself.

And make no mistake about it – believing in yourself is one of the key components to being successful online!

So let's begin with:

Have you ever had a desire to:

- Feel good about mailing your lists at least twice a week

Welcome!

- Feel good about mailing your lists at least once a day
- Feel good about releasing products that showcase what you've either learned or mastered
- Just about *anything* that requires you put yourself out there?

While at the same time:

- **Not wasting time**

If so, you're at the right place!

This cheatsheet is designed with 3 things in mind:

- **Step 1.) Provide you with the best self-confidence videos (you can bookmark on your device)**
- **Step 2.) Provide you with the best motivational soundtracks you can have on for inspiration purposes**
- **Step 3.) Provide you with the best how-to confidence goodies/tutorials/sites online**

Ready for the adventure? Alrighty, begin with:

Before You Begin

Before you begin, you **must** bookmark the resources you'll learn!

Discover how by:

- If you're on a desktop, press D to bookmark pages
- If you're on any sort of handheld device, use this resources for learning how to bookmark: [how to bookmark on a mobile phone](#)

Next, move to:

Step 1.) The best self-confidence videos (you can bookmark on your device)

Step 1.) The best self-confidence videos (you can bookmark on your device)

Start with this one (I know it's motivation, but it's really good)

- <https://www.youtube.com/watch?v=SWb0ig3g7jg> .

Next, check this one:

- https://www.youtube.com/watch?v=v8N1Vwf_Ypg .

Listen to that too... and bookmark them as well.

Now, let's talk about self-confidence channels and videos.

Here's where you can find all the self-confidence videos:

Step 1.) The best self-confidence videos (you can bookmark on your device)

- **Self Confidence You Tube Channels**

And individual videos? Check out:

- https://youtu.be/JgintmlZm_c
- <https://youtu.be/NkvGTht2xTY>

The above are good places to *start*.

Additionally, these are good resources to listen to/read:

- <https://player.fm/podcasts/Self-Esteem>
- https://www.tutorialspoint.com/self_confidence/
- <https://www.self-confidence.co.uk/course/online/part1/>

Now, the videos you've seen... bookmark them so you can refer to them on any device. **I cannot emphasize this enough – this roadmap will be useless to you if you forget about it!**

This is so important, let's repeat that in great big yellow letters:

Now, the videos you've seen... bookmark them so you can refer to them on any device. I cannot emphasize this enough – this roadmap will be useless to you if you forget about it!

Step 1.) The best self-confidence videos (you can bookmark on your device)

If you forgot, remember:

- If you're on a desktop, press D to bookmark it.
- If you're on any sort of handheld device, use this resources for learning how to bookmark: [how to bookmark on a mobile phone](#)

Have you done all of the above? After all, you NEED to have it all in place on your device... that way, it's always at your fingertips!

But listening to mainly *words* might not give you what you need every now and then – inspirational music!

Move now to:

Step 2.) The best motivational soundtrack you can have on for inspiration purposes

Now.... remember the earlier desires I had mentioned?

- Feel good about mailing your lists at least twice a week
- Feel good about mailing your lists at least once a day
- Feel good about releasing products that showcase what you've either learned or mastered
- Just about **anything** that requires you put yourself out there?

Once you have internalized self-confidence, you will discover that you yourself...

Well, you are a **gift**.

That's so important, let me repeat it in great big blue letters: again!

Well, you are a **gift.**

That means that people are **lucky** to have **you** in **their** lives.

But the thing is... everyone has their own "best" ways of learning online..

Step 3.) The BEST how-to confidence goodies/tutorials/sites online

And IF by chance, the way *you* teach doesn't flap their earlobes...

Well, that's okay.

If they unsubscribe to your list, that's okay too!

It's *their* loss, not yours.

Internalizing THAT is one of the greatest gifts you can give yourself.

And *that* is the goal of this quick friendly roadmap.

You can always revisit this page even on your mobile phone...

... and when you need that self-confidence lift, it's at your fingertips!
